Prudent Services Dataset Pack

Public Website Reference + Internal Document Templates

Disclosure

Part I is a structured reference that paraphrases publicly available information from prudentservices.co.in.

Part II contains internal documents, templates, SOPs, forms, and sample records created to resemble standard documents used in security operations.

Table of Contents

Part	Section	Description
I	Public Reference (Website-Derived)	Company overview, services, training topics, recruitment roles, contact details.
II	Internal Documents	Policies, SOPs, forms, sample logs, training materials, portfolio examples.
III	Appendices	Glossary and sample records.

Part I — Public Reference (Website-Derived, Paraphrased)

1. Company Overview

Prudent is presented as a security services provider operating primarily across Gujarat, with coverage described across urban and remote areas. The company positions its work as a combination of field security experience and technology-enabled operations, supporting commercial, industrial, residential, and corporate environments.

2. Establishment and Quality Commitment

The public description states the company was established in 2021 by experienced industry professionals. It emphasizes consistent service delivery and client satisfaction, and it notes ISO 9001:2015 certification for quality management systems.

3. Featured Services

- Manned Guarding Solution: trained guards for controlled access and continuous site presence.
- Searchers / Friskers (Jewellery Industry): staff trained for screening and searching procedures.
- Event Security: event-site security presence and crowd management.

4. Training Topics (Public Listing)

- Fire prevention and fire-fighting basics
- Emergency evacuation procedures
- Traffic control
- Basic security procedures and SOP-based operations
- Report writing
- Frisking and searching
- Health and safety basics
- Emergency response and preparedness
- Effective communication
- Drill and discipline
- Basic labor laws
- Tasks and duties (guard roles)
- Supervisory training
- Threat perception

5. Recruitment / Roles (Public Listing)

- Security Supervisors
- Security Officers
- Ex-serviceman guards and supervisors

6. Contact and Location (Public)

Field	Details
Location	408, The Galleria Business Hub, Opposite Pal RTO, Near Sanjeev Kumar Auditorium, Adajan, Surat, Gujarat 395009
Phone	+91 0261-4619370
Email	info@prudentservices.co.in

Part II — Internal Documents

This section contains internal documents and templates designed to resemble standard materials used in security operations. Titles include the word “ ” to distinguish content from publicly derived reference text.

2.1 — Company Policy Handbook (Template)

A handbook-style template covering conduct, ethics, confidentiality, and disciplinary procedures.

2.1.1 Code of Conduct

Personnel are expected to maintain professional behavior, comply with site instructions, avoid misuse of authority, and document incidents accurately. Harassment, discrimination, intimidation, and retaliation are prohibited.

2.1.2 Integrity and Anti-Bribery

- No acceptance of gifts/cash from visitors, vendors, or clients.
- Report bribery attempts to the site supervisor and operations manager.
- Document time, location, and persons involved for any reported event.

2.1.3 Confidentiality

Registers, CCTV footage, patrol routes, and client SOPs are confidential. Personnel must not share internal photos, videos, or reports publicly.

2.1.4 Attendance and Uniform

- Uniform must be complete and clean; ID card visible.
- Report 15 minutes before shift handover.
- Sleeping on duty and substance use during duty are prohibited.

2.1.5 Disciplinary Framework

Defines verbal warning, written warning, suspension, and termination. Serious misconduct includes theft, violence, falsification of records, or repeated negligence.

2.2 — Site Onboarding SOP (Template)

A standard procedure for onboarding a new site: survey, risk assessment, staffing, and go-live checklist.

2.2.1 Pre-Deployment Survey

- Collect site map, entry/exit points, critical assets, and operating hours.
- Identify high-risk zones (cash, inventory, jewelry counters, server rooms).
- Note emergency exits, assembly points, and visitor flow.

2.2.2 Risk Assessment Matrix

Risk score = Likelihood (1–5) × Impact (1–5). Use the score to decide guard posts, patrol frequency, and screening intensity.

2.2.3 Manpower Planning

- Define posts and shift schedule (day/night).
- Plan relief coverage and weekly rotation.
- Confirm training needs and site-specific instructions.

2.2.4 Go-Live Checklist

- Post orders printed and signed.
- Registers prepared (visitor log, material movement log, key log).
- Emergency contacts displayed (police/fire/ambulance + client POCs).
- First-aid kit and fire extinguisher locations verified.

2.3 — Registers & Forms Pack (Templates)

Templates commonly used at security sites.

2.3.1 Daily Occurrence Book (DOB)

Field	**Entry**
Site Name	
Date	
Shift	
Supervisor	
Guard Name/ID	
Time	
Occurrence / Observation	
Action Taken	
Reported To	
Signature	

Use one row per occurrence. Record time in 24-hour format.

2.3.2 Visitor Register

Field	Entry
Site Name	
Date	
Visitor Name	
Company / Purpose	
Phone	
ID Type/Last 4	
In Time	
Out Time	
Host Name	
Badge No.	
Signature	

If required, record ID type but avoid storing full ID numbers.

2.3.3 Material Movement Register

Field	Entry
Date	
Material Description	
Qty	
Serial/Tag	
Gate Pass No.	
Approved By	
Vehicle No.	
In/Out	
Time	
Receiver Name	
Signature	

For high-value items, verify approval and attach gate pass copy if used.

2.3.4 Key Control Log

Field	Entry
Date	
Key Set/ID	
Issued To	
Purpose	
Issue Time	
Return Time	
Verified By	
Remarks	

Missing keys are incidents and should be escalated.

2.3.5 Patrol Log

Field	Entry
Date	
Patrol Round No.	
Start Time	
End Time	
Route/Zone	
Observations	
Corrective Action	
Guard Signature	
Supervisor Review	

Patrol routes typically cover critical zones and blind spots.

2.3.6 Vehicle Entry Log

Field	Entry
Date	
Vehicle No.	
Driver Name	
Purpose	
In Time	
Out Time	
Bay/Zone	
Seal No. (if any)	
Checked By	
Remarks	

Record seal verification where used.

2.3.7 Attendance & Shift Roster

Field	Entry
Site Name	
Week Starting	
Guard Name/ID	
Shift (Day/Night)	
Off Day	
Supervisor Signature	
Notes	

Use weekly rosters and keep signed copies.

2.3.8 Leave Request Form

Field	Entry
Employee Name/ID	
Site	
Leave Type	
From Date	
To Date	
Reason	
Contact During Leave	
Approved/Rejected	
Approver Signature	

Leave approvals should maintain minimum staffing.

2.3.9 Overtime Authorization

Field	Entry
Employee Name/ID	
Site	
Date	
Start Time	
End Time	
Reason	
Authorized By	
Notes	

Overtime typically requires prior authorization except emergencies.

2.3.10 Equipment Issue/Return

Field	Entry
Employee Name/ID	
Date/Time Issued	
Radio ID	
Torch ID	
PPE Items	
Condition on Issue	
Return Time	
Condition on Return	
Verified By	

Track condition to reduce loss and damage.

2.3.11 Fire Extinguisher Inspection Log

Field	Entry
Site	
Extinguisher ID	
Type	
Location	
Pressure OK (Y/N)	
Pin/Seal OK (Y/N)	
Next Due Date	
Inspector Signature	
Remarks	

Monthly checks are common in many sites.

2.3.12 First-Aid Kit Checklist

Field	Entry
Site	
Checklist Date	
Bandages	
Antiseptic	
Gloves	
Scissors	
Expiry Check	
Reorder Needed	
Verified By	

Replace expired items and keep checklist near kit.

2.3.13 CCTV Footage Request Form

Field	Entry
Requester Name/Role	
Site	
Camera ID(s)	
Start Time	
End Time	
Reason	
Approval By	
Delivered To	
Delivery Date	
Remarks	

Maintain an audit trail for footage access.

2.3.14 Incident Report Form

Field	Entry
Site	
Date/Time	
Incident Type	
People Involved	
Description	
Immediate Action	
Evidence Collected	
Witnesses	
Escalation Level	
Reported By	

Write factual, time-stamped reports and avoid assumptions.

2.3.15 Client Audit Checklist

Field	Entry
Site	
Audit Date	
Uniform Compliance	
Register Completeness	
Gate Discipline	
Patrol Compliance	
Equipment Condition	
Corrective Actions	
Auditor	
Score (0–100)	

Audits can be weekly or monthly depending on site practice.

2.3.16 Site Risk Assessment Form

Field	Entry
Site	
Asset/Zone	
Threat	
Likelihood (1–5)	
Impact (1–5)	
Risk Score	
Controls	
Owner	
Review Date	

Risk registers are updated after incidents or process changes.

2.3.17 Visitor Badge Issue Log

Field	Entry
Site	
Date	
Badge No.	
Issued To	
Purpose	
In Time	
Out Time	
Returned (Y/N)	
Verified By	
Remarks	

Badges should be returned; missing badges are recorded as incidents.

2.3.18 Lost & Found Register

Field	Entry
Site	
Date/Time Found	
Item Description	
Found Location	
Finder Name	
Claimant Name	
ID Type/Last 4	
Handover Time	
Verified By	
Remarks	

Store items securely and handover after verification.

2.3.19 Training Attendance Sheet

Field	Entry
Session Title	
Date	
Trainer Name	
Topic	
Participant Name/ID	
Signature	
Score (if test)	
Remarks	

Keep records for compliance and performance review.

2.3.20 Complaint & Grievance Log

Field	Entry
Date	
Complainant	
Issue	
Severity	
Action Taken	
Owner	
Due Date	
Status	
Closure Notes	

Track to closure and escalate repeated issues.

2.4 — Access Control & Screening SOP (Template)

Template procedure for gate control, screening, and handling prohibited items.

2.4.1 Gate Post Orders

- Verify identity and authorization before entry.
- Maintain visitor badge system and escort rules.
- Keep registers complete and legible.

2.4.2 Frisking & Search Procedure

- Explain the process politely and ensure privacy where required.
- Use handheld metal detector if available; check bags per site rules.
- If prohibited items are found, follow escalation protocol and document the event.

2.4.3 Prohibited Items (Example List)

- Weapons, blades, flammable liquids, narcotics, unauthorized cameras in restricted zones.
- Any item restricted by site rules or local law.

2.5 — Event Security Playbook (Template)

Template playbook for event deployments: crowd management and emergency response.

2.5.1 Staffing Model

- Entry screening team (per gate)
- Perimeter patrol team
- Stage/front barricade team
- Rapid response team
- Command post supervisor + radio operator

2.5.2 Crowd Safety Basics

- Maintain clear emergency corridors.
- Monitor density and choke points.
- Use calm verbal de-escalation and avoid escalation.

2.5.3 Evacuation Overview

On evacuation command: open corridors, guide crowd to exits, and prevent counter-flow.

2.6 — Health, Safety & Emergency Response Manual (Template)

Template manual covering fire safety, first aid basics, and evacuation drills.

2.6.1 Fire Safety

- Know extinguisher types and safe use distances.
- Raise alarm; call fire services; isolate power where safe.
- Avoid elevators during fire evacuation.

2.6.2 First Aid Basics

- Assess scene safety; call for medical help.
- Bleeding control: apply pressure and bandage.
- Heat exhaustion: move to shade, hydrate, monitor.

2.6.3 Evacuation Drill Checklist

- Alarm tested
- Assembly point verified
- Roll call method defined
- Post-drill report recorded

2.7 — Portfolio Examples

examples of clients and service scopes (not real clients).

Client	Industry	Location	Service Scope	Contract Notes
Surat Textile Park Co-op	Industrial	Surat outskirts	Manned guarding + gate screening	3 shifts; visitor badge + vehicle log required
Adajan Residential Towers HOA	Residential	Adajan, Surat	Lobby security + patrol	Night patrol every 60 minutes; incident hotline
Daman Coastal Expo Committee	Events	Daman	Event security	Crowd control; screening at 2 gates
Gujarat Gems & Jewels Works	Jewelry	Surat	Screening + access control	Strict screening; restricted zones policy
Narmada Logistics Yard	Logistics	Near Bharuch	Perimeter + movement log	Seal verification where used
Saurashtra Pharma Warehouse	Warehouse	Rajkot	CCTV monitoring + key control	Key log mandatory; restricted zones list
Kutch Solar Plant Operations	Energy	Kutch	Perimeter patrol + access gates	Night patrol enhanced
Vadodara Corporate Plaza	Commercial	Vadodara	Reception + access control	Visitor pre-approval list on VIP days
Junagadh Cold Storage Hub	Warehouse	Junagadh	Patrol + material movement	Key control strict
Bhavnagar Portside Yard	Logistics	Bhavnagar	Gate control + patrol	Vehicle logs and escort rules

2.8 — SLA & KPI Framework (Template)

Template KPIs and SLAs used to evaluate service quality.

2.8.1 Example KPIs

- Attendance adherence (%)
- Incident reporting time (minutes)
- Patrol completion rate (%)
- Visitor register completeness (%)
- Access-control violations (count)
- Audit score (0–100)

2.8.2 Example SLAs

- Supervisor response to critical incident: within 15 minutes
- Daily report delivery: within 2 hours of shift end
- Replacement staffing in case of absence: within 4 hours

2.9 — Training Curriculum & Assessment (Template)

Template training curriculum and assessment outline.

2.9.1 Modules (Overview)

- Security fundamentals, post discipline, observation skills
- Access control, visitor screening, key control
- Incident reporting and escalation
- Fire safety and evacuation coordination
- Communication and de-escalation
- Specialized screening procedures

2.9.2 Assessment Outline

Assess uniform compliance, gate procedure correctness, register accuracy, emergency response scenario performance, and communication skills using a 0–5 rubric per item.

2.10 — Post Orders (Residential Lobby)

Template post orders for a residential tower lobby.

2.10.1 Duties

- Maintain visitor register and badge issuance.
- Verify approvals for visitors after hours.
- Patrol common areas every 60 minutes and log observations.

2.10.2 Escalation

Escalate suspicious behavior, repeated complaints, or access bypass attempts to supervisor and site management.

2.11 — Post Orders (Industrial Gate)

Template post orders for industrial gate control.

2.11.1 Duties

- Verify driver identification and match with delivery schedule.
- Maintain vehicle log and material movement register.
- Follow gate-pass verification where used.

2.11.2 Controls

No entry without authorization; record approved exceptions in DOB.

2.12 — Post Orders (Warehouse Night Patrol)

Template post orders for warehouse night patrol.

2.12.1 Duties

- Perform patrol rounds every 45–60 minutes; cover perimeter and loading bay.
- Check locks and alarm indicators; document observations.
- Avoid confrontation alone; use escalation tree.

2.12.2 Response

If intrusion suspected: move to safe position, call supervisor/police as applicable, and document actions with timestamps.

2.13 — Post Orders (Event Entry Gate)

Template post orders for event entry screening.

2.13.1 Duties

- Queue management and crowd flow control.
- Bag checks and screening where available.
- Record prohibited item handling and handovers.

2.13.2 Emergency

On evacuation command: open emergency corridor and guide crowd to exits; prevent counter-flow.

2.14 — Incident Scenarios (Template Set)

scenario briefs that resemble typical incident reporting and response documentation.

2.14.1 Scenario Topics (Examples)

- Gate bypass attempt
- Medical emergency
- Fire alarm trigger
- Lost person report
- Vehicle seal mismatch
- Crowd surge at entry
- Suspicious package
- Power outage affecting access control

2.14.2 Common Response Pattern (Template)

Prioritize safety, notify supervisor and emergency services as needed, control access/crowd, document time-stamped actions in the occurrence book, and submit an incident report form.

Appendix A — Glossary (Template)

A short glossary of common security operations terms used in the templates.

A.1 Terms

- DOB: Daily Occurrence Book
- Post Orders: Written instructions for a guard post
- Escalation Tree: contact hierarchy for incidents
- Assembly Point: designated evacuation gathering area
- RRT: Rapid Response Team (where used)

Appendix B — Sample Records ( )

Sample filled records for realistic document structure and entity mentions.

Date/Time	Site ( )	Type	Summary	Action Taken	Escalated To
2026-03-02 09:07	Adajan Residential Towers HOA	Safety	Observed anomaly; verified using checklist; documented with timestamps.	Followed site procedure; updated registers; notified supervisor; preserved evidence where applicable.	Ops Manager

2.15 — CCTV Monitoring SOP (Template)

Template procedure for monitoring CCTV feeds and documenting observations.

2.15.1 Monitoring Rules

- Rotate cameras periodically; avoid distractions.
- Log suspicious activity with timestamp and camera reference.
- Escalate immediately for forced entry, crowd surge, or fire indicators.

2.15.2 Footage Handling

Footage access and sharing typically follows authorization and audit trail practices.

2.16 — Shift Handover SOP (Template)

Template shift handover protocol for continuity between outgoing and incoming staff.

2.16.1 Handover Checklist

- Review occurrence book entries since last shift.
- Verify keys and equipment and confirm register status.
- Share outstanding incidents, expected visitors, and special instructions.

2.16.2 Handover Notes

Handover notes typically include: incidents, exceptions, equipment issues, and pending deliveries.

2.17 — Equipment Management Policy (Template)

Template policy for issuing radios, torches, PPE, and inventory control.

2.17.1 Inventory Rules

- Each item is tagged; issuance is recorded with time and signature.
- Damaged items are documented; repair tracking is maintained.
- Lost equipment triggers an incident report and review.
